

Got Kids? Get Involved!

The Parent Information Center of Delaware

PIC's Family Leadership Academy

Building Communities Engaged in Education

Would you like to find out how your experience and knowledge can be used to improve the supports and services for students in Delaware schools?

Would you like to tap into existing opportunities to have your voice influence decisions and policy?

Do you want to increase your big picture knowledge base of important legislation and policy?

Are you interested in developing your leadership skills?

PIC wants to Partner with you!

You are invited to join our Family Leadership Academy and become a change agent in the Delaware educational community. When you join, you instantly become a member of our PIC community and have access to our weekly e-newsletter, advanced notification of our regular and special education workshops, opportunity to sign up for advanced training and technical assistance and invitations to Parent Leadership Events. The three ways in which you can participate are:

Friend – Come to two of our workshops held throughout the state and hear about what is happening in Delaware around education and specific ways for you to be engaged. Meet professionals and parents that are working to improve the system and find out how your family can be a part that change.

Leader – In addition to the workshop sessions, parents striving for the *Leader Certificate* are asked to attend the Family Leadership Academy Summit held on June 5 & 6 at Del Tech Wilmington campus. The topics that Leaders will be focusing on include: Collaboration, Group Development, Conflict Resolution, Reframing Agendas, & Understanding Diversity.

Advocate - Leaders will be given access to opportunities within the community including committees and boards within local nonprofits, school districts and organizations. These leaders will also be able to join our internship program to become an Advocate for families throughout the community with specialized skills, resources, and support.

Registration begins March 1, 2010 for our June Family Leadership Academy series. For more information or an application, please call the Parent Information Center at picofdel@picofdel.org or 302.999.7394.
